LAS CRUCES PLANS TO GET TOGETHER

Chamber of Commerce Decides to Arouse Enthusiasm at Smoker.

Las Cruces, N. M., Dec. 8.—The directors of the Mesilla valley chamber of commerce held a meeting yesterday at the offices of the chamber. The resignation of George W. Frenger as a member of the board and as acting secretary was received and accepted, and Martin Lohman was elected to fill the vacancy on the board. Robert Brown was appointed temporary secretary.

The question then came up of some means by which more enthusiasm could be aroused, and it was decided that a "get together" smoker would be the best means that could be employed to start the onward movement.

Another meeting is to be held this (Thursday) afternoon at which plans for the "get together" smoker will be perfected and committees appointed to carry the affair through. In addition to the smoker a permanent secretary is to be elected, who will take care of all the correspondence with which the association is flooded at present, and infuse new life and spirit into the organization.

ARE INSTRUCTED TO FIGHT CONSTITUTION

Las Cruces, N. M., Dec. 8.—The county central committee of the Democratic party met in Las Cruces with practically every member being present. The matter of the new constitution was discussed at length, and with one or two exceptions, it was the voice of the meeting that the people ought to vote against the constitution.

N. C. Frenger was re-elected as chairman of the central committee and the following delegates instructed to oppose the adoption of the constitution, were elected to attend the territorial Democratic convention which will be held in Santa Fe on Saturday, December 17.

WATER IS TURNED INTO THE DITCHES

Las Cruces, Dec. 8.—For the first time in three months there is water in the community ditches here, it having been turned in at the Leasburg diversion dam yesterday. The farmers are taking advantage of the water to irrigate their alfalfa, their trees and their newly planted wheat. The government canal is full, carrying about 250 second feet, but there is none going down the river.

It is expected that the flow in the river will increase before the end of the month sufficiently so that the

My Corns Don't Hurt a Bit

Tired, Ailing, Smelly, Swollen, Sweaty Feet, Corns, Callouses and Bunions, TIZ Cures Right Off.

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn-hammer it with your finger if you wish, no more pain after TIZ than if there had never been a blemish on your feet. Doesn't that sound good to you? Don't miss it! Then read this:

"The corns on either of my toes were as large as the tablets you make to cure them. Today there is no sign of corns on either foot and no soreness. It's an up-to-date Godsend.—Sam A. Hoover, Proctor, N. C."

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it is used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all drug stores, 25 cents per box, or direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill. Recommended and sold by Knoblauch Drug Co., Inc.

TUCUMCARI STORE AND SALOON ROBBED

Hodges Dies From Injuries Caused by Cave-in of Cellar.

Tucumcari, N. M., Dec. 8.—Robbers entered the Lobby saloon near the Rock Island station last night and stole \$14 from the cash register. The entrance was made through the back door of the building, the glass being broken. The size of the broken pane indicates that the thief was of small stature. The robbery is supposed to have taken place shortly after the closing hour at 1 o'clock. The thief then went to the store of Tatro and Lawson and making an entrance there, he outfitted himself with suit case, overcoat and a complete suit of clothes with all accessories. The thief then went to the store of Tatro and Lawson and making an entrance there, he outfitted himself with suit case, overcoat and a complete suit of clothes with all accessories.

Robert Hodges, the workman who was injured by the caving in of the foundation excavation on the Vorenberg hotel, died last night and the remains were taken to his home south of Tucumcari. It is said that his wife had had a premonition of his fate and had written him warning him to be careful. The fatal wounds were the result of his fall upon a spade which he had in his hands at the time of the accident.

It is announced that the contract has been let for the construction of the W. B. Rector office building on the two lots adjoining the Vorenberg hotel on the east. Horne brothers who are building the hotel, got the contract, which has the value of approximately \$9000. The building will extend to a depth of 90 feet and will be built of stone with a pressed brick front, the rooms to be heated by steam. The award call for the completion within 90 days.

Work has been resumed on the main building of the Simpson and Horne Lumber company's plant on the corner of Main and Monroe streets. Work was temporarily abandoned due to the lack of material, but this lack has now been adjusted and the buildings will soon be finished.

How Many Women Destroy Their Hair?

(From the London Saturday Review). One of the best known hairdressers in London—much patronized by royalty—has the following to say: "Frequent washing of the head with soap and water or prepared shampoos makes the hair brittle and causes it to lose its color and split at the ends. "Any person desiring abundant, lustrous hair should use a dry shampoo frequently. Mix 4 ounces of orris root with 4 ounces of theriac. Sprinkle a tablespoonful of this mixture evenly upon the head; then brush the powder thoroughly through the hair. "Theriac and orris root keep the hair light and fluffy, and beautifully lustrous—it heightens, but does not change the natural color of the hair. Theriac is the only thing I know that will produce a growth of hair."
